Recent developments stress the fact that Nash gives more for the money

Amidall new claims and counter-claims, one fact stands out as clear and as strong as sunlight. That is the unmistakably greater value which you get

when you buy a Nash. No other car at anywhere near the Nash price affords the pronounced advantages of Nash -including such features as twin ignition, with its greater power, speed, smoothness and

saving of oil and gas. Such a feature as twin ignition is highly important—but it is even more important as in-

There is a lot of merit in the old saying to the effect that youth will be served and a lot of misery and suffering and unnumbered deaths have resulted from forgetfulness or scorn of it.
